East Shelby Branch Library
Proposal for \$650,000 Operating Budget
FY 2009

Memphis Public Library & Information Center (MPLIC) has operated the East Shelby Branch Library since the building first opened to the public on February 15, 1999. Over its 9 years of operation, the branch has offered much needed library services to the growing population of southeastern Shelby County, and the community has responded with high customer demand/usage. For example, over the last three years an annual average of approximately 236,000 customers visit the branch. Of this total, approximately 86,500 customers use one of the branch's thirty-six public computers. In addition, these customers use the branch's collection of nearly 90,000 items by borrowing an average of 166,000 items.

MPLIC plans to continue providing the highest level of library service to the customers of East Shelby Branch Library by adequately conducting and supervising all aspects of day-to-day operations. The following information highlights the details of how East Shelby branch will continue to operation efficiently.

Hours of Operation:

The East Shelby Branch will operate 48 hours per week, Monday – Saturday. In addition, it is important to note that as a branch of the MPLIC, East Shelby customers are able to use the collections and services of the entire library system (i.e. 19 library facilities and a range of mobile services), and that the library system's collective hours of operation span Monday through Saturday from 9:00AM to 9:00 PM, and Sunday from 1:00 PM to 5:00PM.

Staff Levels:

The East Shelby Branch staff will include a balance of specialized positions that ensure that the branch is capable of continuing to meet customer demand, while helping satisfy individual and community needs. It is important to note that as a branch of MPLIC, East Shelby will receive system-wide support/consulting from expert staff in areas such as library management, information delivery, security, collection development, staff development, youth/teen/adult services, marketing/public relations, and information technology. The branch's staff complement will include 6.5 Full Time (40 hr/wk) and 2.25 FTEs Part Time/Temporary (20 hr/wk). The following positions will be represented in the complement:

- Full Time:
 - Library Agency Manager II
 - Librarian/Customer Service (Senior Youth Service)
 - Librarian I
 - Library Assistant
 - Circulation Supervisor II
 - Circulation Representative, Senior
- Part Time/Temporary:

- Circulation Representative
- Library Page

Public Computers:

Memphis Public Library & Information Center will provide 36 computers for public use. The computers are equipped with a standard Microsoft Office Suite, which provides access to the Internet, as well as popular word processing and spreadsheet tools. As mentioned above, MPLIC's expert staff has the skills and expertise needed to effectively meet public computer needs.

Resources Available

In addition to East Shelby Branch's in-house collection of 91,499 items, customers have access to the larger MPLIC collection of approximately 1.7 million items. In fact, in most cases, MPLIC's efficient inter-branch delivery system makes it possible for customers to receive an item from another branch library within a 24-hour period.

Finally, MPLIC participates in a nation-wide interlibrary loan program, and as a result, East Shelby customers have access to millions of additional resources in libraries throughout Tennessee and the United States.

Marketing Plans and Community Outreach

Over the years, East Shelby staff has developed a myriad of programs and services that are designed to reach out to the diverse community. The East Shelby Branch, with the support of MPLIC, will continue providing programs and services that target community needs. East Shelby's marketing plans include use of internal and external media. Internal media includes MPLIC resources such as Library NewsLINC (a television show produced through WYPL TV 18, the library's television station), WYPL radio public service announcements, MPLIC newsletters, East Shelby branch bulletin boards, MPLIC's website (www.memphislibrary.org), and specialized branch programming. In addition, library staff will conduct regular visits to area elementary, middle and high schools to educate the community on the branch's services and programs. External media (e.g. local newspapers, radio, television, and printed brochures/flyers) will also be used to market East Shelby. MPLIC marketing department regularly produces and distributes press releases and public service announcements to local media outlets.

Specific Performance Measurement and Efficiency Indicators

As mentioned above, MPLIC plans to continue providing the highest level of library service to the customers of East Shelby Branch Library. MPLIC will analyze service and usage data on a quarterly and annual basis to evaluate branch performance. The indicators measured/evaluated include the following:

- Materials borrowed
- New customer registration
- Hourly customer attendance
- Program attendance
- Public meeting room use
- Community Contacts
- Customer computer use
- Materials added

Reporting Mechanisms

MPLIC will provide three quarterly reports and a final annual report that highlight the indicators mentioned above. Quarterly reports will be submitted by the end of October 2008, January 2009, and April 2009. An Annual Report will be submitted by the end of August 2009.

Level of Security

Security is a high priority at all MPLIC branch locations. In addition to contracting with one full-time or two part-time security guard(s), the library uses a security camera system to monitor all branch locations including East Shelby. The camera system is monitored by MPLIC's security coordinator as well.
